- ❖ A Web Application that will help you login as student/Mess Committee on the login page with appropriate credentials.
- ❖ Students can get access to the weekly mess menu easily with this web app.
- ❖ This app will also enable students to express their views and feedback on the current mess menu.
- ❖ They can request a change with an alternative dish by proper voting system.
- ❖ The Warden/Mess in-charge can also keep a track if everything i.e., service speed, cleanliness and food is liked by the students by providing a separate page for students to give stars out of 5.
